MEMORANDUM

PLEASE POST

TO: Chief Sector Stewards

FROM: Lawrence Flanagan, Jr., President 

DATE: August 16, 2005

RE: Contract – Setting the Record Straight

Unfortunately, some disgruntled member sent out a memo dated August 15, 2005, that alleges we have a contract. This **IS NOT TRUE**. This is just more games being played from an individual or group of individuals that have no regard for the membership – **just more bullshit stall tactics.**

I, Larry Flanagan, Jr., will **always** sign or at least initial any official letter that is sent out from me.

There is only one factual sentence in the entire memo: **That any member can call my office with any questions.**

In closing, **binding arbitration all the way !!!**
