NEGOTIATIONS UPDATE

4/6/07

As anticipated the State came and offered the NYSCOPBA Law Enforcement members the CSEA contract. We caucused, came back and informed GOER that our Law Enforcement members deserve more because of the job they perform.

GOER informed NYSCOPBA that they were disappointed because they felt this settlement would have been accepted. GOER also stated that while both sides are shadowed with the Arbitration Award, GOER was unwilling to extend its terms to the Law Enforcement members.

In closing, GOER advised NYSCOPBA that they would be in touch with us next week on where they would like to go from here.

We are asking that all the members contact their local legislators asking for their support in obtaining an acceptable "Law Enforcement" contract.

As always, we will continue to keep the members informed via the website.

Thanks,

L. Flanagan, Jr.
President
