July 27, 2007

Dear Member,

The Legislature was in session for one day (July 26, 2007) and had a short and precise calendar of events. With this in mind, NYSCOPBA was at the Capitol during this session and met with dozens of Legislators in an attempt to have the Law Enforcement "pay bill" introduced. Unfortunately, each Senator and Assemblyperson made it clear that they were not deviating from their schedule for anyone or any organization.

If you scroll down you will see that schedule included very precise items which included the congestion plan for NYC and the updated voting machine law.

We apologize for the Legislatures lack of understanding and inconsideration on this very important issue, but we assure you it is not from any lack of effort from NYSCOPBA. Although the official session ended on June 21, 2007, NYSCOPBA will continue to pursue the passage of the "pay bill" for Law Enforcement each and every time they reconvene for session.
