RE: Change in Vision Care from EyeMed to Davis Vision

Be advised that the Vision Care Program went out for bid and Davis Vision was awarded the contract. Effective January 1, 2012, members will receive their negotiated benefits through Davis Vision.

Implementation of this change is being finalized at Civil Service and informational literature (including participating provider information) will be sent to all members later this year.

Negotiated benefits will remain the same. Additionally, members' eligibility will continue without change (eligibility is two years (one year for dependents under age 19) from the last date of service).

Please share this information with your membership.
