

Help Us

Save Our Dad

Randall James Todd

Age 52

Father of Nicholas, Eric, Michelle, Tara, Jennifer and Katie

Grandfather of , Jacob, Aden, Chloe and Evelyn

Randy of Gowanda, New York is up against a challenge he cannot face alone. He and his family need the help of their family, friends and community in order to survive. Randy is a New York State Correctional Officer for the past twenty years, but the job he loves the most is being a father and grandfather. Randy currently cannot work because of his illness.

Seven years ago, Randy was diagnosed with chronic obstructive pulmonary disease (COPD). Last winter a struggle with a lung infection has rendered Randy physically disabled. He now needs oxygen 24 hour a day. His only chance for survival is a double lung transplant. Randy is being evaluated at the **Cleveland Clinic**, and is considered an excellent candidate for a lung transplantation. Through this precious gift, Randy hopes to return to work and more importantly continue to be a father and grandfather to his most precious children.

Transplantation is a life saving, but expensive business. Financing this procedure is a monumental task, a challenge Randy and his family cannot meet without support. There are many pre and post transplant related expenses that are not covered by Randy's Insurance.

To help defray these expenses, a fundraising campaign has been established in Randy Todd's honor. All donations are administered for transplant expenses only. We are asking family and friends to consider helping us save our dad.

If you wish to make a donation of funds please make checks payable to:

Randall James Todd Benefit Fund

Please send to: **Randall James Todd Benefit Fund**

C/O Gowanda Area Federal Credit Union
