RE: Retirement application filing change

DATE: September 9, 2011

Filing Period for Retirement Applications Changed

A new law (Chapter 375) has reduced the minimum number of days a service retirement application must be on file with the Retirement System from 30 days to 15 days. The maximum number of days an application can be on file remains 90 days. The 15-day minimum filing period is effective August 3, 2011.
