- I. **DESCRIPTION:** The Board of Parole (Board) consists of up to 19 Members. Each Member is appointed by the Governor and confirmed by the Senate for a six-year term. One Member is designated by the Governor to serve as the Chairperson of the Board. Executive Law Section 259-l(2)(a) requires the Board to personally interview incarcerated individuals eligible for release. The Board has four primary responsibilities. The first is the meticulous case-by-case screening of incarcerated individuals before considering them for release. The second major responsibility of the Board is to establish the conditions of release for each incarcerated individual being released to Community Supervision, regardless of the type of release. The third is the authority to revoke a releasee's Community Supervision pursuant to Executive Law Section 259-i(3), when it has been determined that the releasee has violated one or more of the conditions governing their release in an important respect. The fourth, pursuant to Executive Law Section 259-j, is the authority to discharge most sentences prior to the expiration of the full or maximum term for any person who has been on unrevoked Community Supervision for the statutorily required terms of years.
- II. **MISSION:** The Board of Parole's Mission is to ensure public safety by granting parole when appropriate under the governing standards, revoking Community Supervision when necessary, and discharging incarcerated individuals from their sentence when it is in the best interest of society. In fulfilling its Mission, Board of Parole decisions shall not be adversely and inappropriately influenced by a person's status as a member of a protected class, or any other characteristics protected under Federal or State laws and/or New York State Executive Orders.
- III. **AUTHORITY:** The Board shall function independently of the department regarding all of its decision-making functions, as well as any other powers and duties specified in Article 12-b of the Executive Law, provided, however, that administrative matters of general applicability within the department shall be applicable to the board. The Chairperson of the Board is responsible for the administrative functions and daily operations of the Board of Parole and its staff. The duties and responsibilities of the Board are governed by Article 12-B of the Executive Law (Executive Law Section 259 *et seq.*) 9NYCRR, Parts 8000-8011.
 - A. It is the responsibility of the Commissioner of the Department of Corrections and Community Supervision (DOCCS), in consultation with the Chairperson of the Board, to ensure that all officers and employees of DOCCS shall at all times cooperate with the Board of Parole and shall furnish to such Members and employees assigned to the Board such information as may be appropriate to enable them to perform their independent decision-making functions.

It is also the Commissioner's responsibility, in consultation with the Chairperson of the Board, to ensure that the administrative functions of the Board are provided for through DOCCS Division of Budget and Finance, Division of Support Operations, Bureau of Personnel, Bureau of Labor Relations, Division of Program Planning, Research and Evaluation (PPR&E), and other offices as necessary.
