RE: Mt. Sinai Health System Terminated from the Empire Plan's Anthem Blue Cross Hospital Network Effective 3/4/26

Late yesterday, NYSCOPBA received notification that negotiations between Mt. Sinai Health System and Anthem Blue Cross have been unsuccessful; therefore, the following facilities are terminated from the Empire Plan network effective 3/4/26:

Mt. Sinai Brooklyn (Brooklyn)
Mount Sinai Hospital (Manhattan)
Mount Sinai Morningside (Manhattan)
Mount Sinai Queens (Queens)
Mount Sinai South Nassau (Oceanside)
Mount Sinai West (Manhattan)
New York Eye and Ear Infirmary of Mount Sinai (Manhattan)

Pregnant members may continue care at the in-network level through delivery and post-partum care. In addition, the following services from Mt. Sinai Health System facilities will be considered in-network:

- Emergency cases
- If no in-network hospital is available within a 30-mile radius or a 30-minute travel time from a member's home that can provide services required
- If an in-network hospital is not available within a 30-mile radius or a 30-minute travel time from a member's home
- Any previously pre-authorized services

To inquire whether a treatment qualifies under Continuity of Care, members should call the NYSHIP toll-free line at 1-877-769-7447 and press or say 2 for Anthem. Representatives are available Monday through Friday, 8:00 am to 5:00 pm, ET.

March 5, 2026

Page 2

Remember that this does not impact any services covered under the Empire Plan's Medical/Surgical Program administered by United HealthCare (UHC). Medical/Surgical services as covered under UHC will continue to be in-network at Mount Sinai.

Attached please find a copy of the letter Anthem Blue Cross sent affected members on January 15th which provides additional information and a list of alternate in-network facilities.

Important information — Status of contract negotiations with Mount Sinai Health System

Dear Empire Plan Member:

Anthem Blue Cross (Anthem) is committed to providing Empire Plan members with quality service at affordable rates. One way we do this is by negotiating competitive reimbursement rates with participating hospitals.

Mount Sinai Health System is a participating provider in our networks but that may change. We are in negotiations with Mount Sinai Health System, but if those negotiations are unsuccessful, our contract with Mount Sinai Health System ends on December 31, 2025. However, based on New York law, Anthem and Mount Sinai Health System will continue to abide by the terms of the agreement during a “cooling off” period which means Anthem will continue to pay claims at in-network benefit levels for two months ending on February 28, 2026. We are actively working to reach a reasonable agreement, but if this does not occur, Mount Sinai Health System hospitals will be out-of-network for dates of service beginning March 1, 2026.

Mount Sinai Health System consists of:

- Mount Sinai Brooklyn
- The Mount Sinai Hospital
- Mount Sinai Morningside
- Mount Sinai Queens
- Mount Sinai South Nassau
- Mount Sinai West
- New York Eye and Ear Infirmary of Mount Sinai

How does this affect you?

If we are unable to reach an agreement and you are in an ongoing course of treatment with Mount Sinai Health System, we will continue to cover services for the condition at issue at the in-network benefit level through February 28, 2026, or if you are being treated for a pregnancy, through delivery and any post-partum care. After that date, any services provided by Mount Sinai Health System will be considered out-of-network.

Except as explained above, beginning on March 1, 2026, only the following services from Mount Sinai Health System will be considered in-network:

- Cases of emergency
- If no in-network hospital is available within a 30-mile radius or a 30-minute travel time from your home that can provide the services required
- If an in-network hospital is not available within a 30-mile radius or a 30-minute travel time from your home
- For any services that were previously preauthorized

That means if you choose to receive services at Mount Sinai Health System (except for the specific circumstances listed above) it will be considered out-of-network. You will be responsible for paying ten percent (10%) of the billed charges for covered services, up to the annual coinsurance maximum amount. Refer to your Empire Plan 2026 At A Glance found at nyship.ny.gov

Additionally, Mount Sinai Health System will no longer be paid directly by Anthem. As a result, the following can occur:

- Patients can be refused treatment for non-emergency services or elective treatment at Mount Sinai Health System.
- Although a hospital cannot refuse emergency treatment to a patient, once the patient is stabilized the hospital can choose to transfer the patient to another hospital.
- Patients can be required to make payment up front before services are rendered by Mount Sinai Health System.
- Patients can be required to sign a guarantee of payment before receiving services which may include an outline of a payment schedule as well as interest charged on any outstanding balance.
- Mount Sinai Health System will no longer be required to bill Anthem directly, so members may be responsible for filing claims with Anthem to obtain reimbursement.

It would be in the best interest of Empire Plan members to seek health care at hospitals that participate with Anthem. By using one of the participating hospitals listed below, you avoid potential difficulties and have lower out-of-pocket costs. Using network hospitals helps control the cost of healthcare for both you and the Empire Plan.

Alternate Facilities

We want to assure you that you will continue to have access to nearby hospitals. This is not an all-inclusive list of alternative network hospitals. Please visit anthembluecross.com/nys for a complete list of participating hospitals.

University Hospital at Downstate	445 Lenox Road, Brooklyn, NY 11203
Wyckoff Heights Medical Center	374 Stockholm Street, Brooklyn, NY 11237

How will claims for services received at Mount Sinai Health System be paid if they are no longer participating?

Anthem will issue payment for covered services directly to the member and the member will be responsible for paying the hospital. If the hospital no longer files claims to Anthem directly, the member must submit the claim and a copy of the bill to:

Anthem Blue Cross
 New York State Service Center
 P.O. Box 1407
 Church Street Station
 New York, New York, 10008-1407

What should you do?

If you are currently receiving services from Mount Sinai Health System or are scheduled for treatment at Mount Sinai Health System, please call The Empire Plan at 1-877-7-NYSHIP (1-877-769-7447) and press or say 2 for the Hospital Program. The customer service representatives can answer any questions you may have as well as assist you in selecting a participating hospital.

These changes have no impact on the Empire Plan Medical/Surgical Program administered by UnitedHealthcare. Paid-in-full services for anesthesia, radiology or pathology are only available at a network hospital. Members may continue to use the same Empire Plan participating physicians or seek the services of non-participating providers using Basic Medical Program benefits. If you are seeing a provider that has admitting privileges at one of Anthem's participating hospitals and you need hospitalization, ask the provider to admit you into a participating hospital instead of using Mount Sinai Health System.

Please visit anthembluecross.com/nys updates.

We appreciate your understanding during this transition.

Sincerely,

A handwritten signature in black ink, appearing to read 'Daniel Jorgenson', with a long horizontal stroke extending to the right.

Daniel Jorgenson
