| 22                   | So we've advanced that to                       | 22 | can't remember the last                           |

| 1  | Keith. Those were the      | 1  | corrections officers in    |
| 2  | topics of discussion.      | 2  | general. We did a good     |
| 3  | We engaged in three of     | 3  | job combating that.        |
| 4  | them. We didn't            | 4  | Recognizing that, you      |
| 5  | anticipate getting into    | 5  | know, there are egregious  |
| 6  | the education aspect of it | 6  | actors in every            |
| 7  | with Former Commissioner   | 7  | profession.                |
| 8  | Fisher was in attendance,  | 8  | We countered pretty        |
| 9  | he's also a member of the  | 9  | strong. And it was I       |
| 10 | Osborn Association. He     | 10 | thought I was going into   |
| 11 | brought up a good point    | 11 | the devil's den and we     |
| 12 | regarding I made           | 12 | kind of came out in        |
| 13 | mention of the forty hours | 13 | partnership with PEF,      |
| 14 | annual training that we    | 14 | along with ironically      |
| 15 | get. I've got 30 years in  | 15 | enough former Commissioner |
| 16 | the department, I still    | 16 | Fisher. And he took our    |
| 17 | get forty hours of annual  | 17 | back on a lot of positions |
| 18 | training. I got it in      | 18 | which, are differences     |
| 19 | 1989 and I'm getting it    | 19 | aside over the years with  |
| 20 | today, much like the rest  | 20 | the former commissioner,   |
| 21 | of you.                    | 21 | he actually led the        |
| 22 | So that was one of the     | 22 | Department. So with that   |
| 23 | concerns that we had       | 23 | being said, he was a       |
| 23 | 37                         | 23 | 39                         |
|    |                            |    |                            |
| 1  | regarding training. I      | 1  | wealth of knowledge while  |
| 2  | expressed that I didn't    | 2  | we were there.             |
| 3  | think 80 hours of annual   | 3  | But a lot of the SHU       |
| 4  | training would be          | 4  | regulations and the prison |
| 5  | sufficient for a           | 5  | violence all came into     |
| 6  | correctional officer due   | 6  | play as one particular     |
| 7  | to the changes that have   | 7  | conversation and it was a  |
| 8  | been come about since I    | 8  | good conversation. And     |
| 9  | started in 1989; or many   | 9  | one of the things that we  |
| 10 | of you since you have      | 10 | expanded on along with PEF |
| 11 | started. The changes are   | 11 | is the concern that        |
| 12 | vast, they're coming quick | 12 | they're looking to spend   |
| 13 | and it comes without a lot | 13 | millions of dollars for a  |
| 14 | of notice, as you're       | 14 | small percent of the       |
| 15 | aware.                     | 15 | inmate population to house |
| 16 | So we talked about that    | 16 | them in SHU, when PEF and  |
| 17 | a little bit. And we       | 17 | Former Commissioner Fisher |
| 18 | spoke a little bit about   | 18 | are beating the drum to    |
| 19 | the kind of opened         | 19 | rehab the newer kids, the  |
| 20 | their eyes to the fact     | 20 | younger kids that are      |
| 21 | that there isn't much      | 21 | coming in that don't have  |
| 22 | training there. There was  | 22 | their GEDs. We basically   |
| 23 | a lot of nay-saying about  | 23 | said they were spending    |
|    | 38                         |    | 40                         |

| 2  | forum.                     | 2  | Albany where this          |
| 3  | It kind of opened their    | 3  | fundraiser was held, four  |
| 4  | eyes up a little bit, even | 4  | HALT advocates out there   |
| 5  | got some of the advocates  | 5  | handing out flyers. One    |
| 6  | attention because you had  | 6  | of the senators who        |
| 7  | a lot of educators there   | 7  | supports us put his gum in |
| 8  | as well. The round table   | 8  | it and crumpled it up and  |
| 9  | consisted of about twelve  | 9  | threw it out.              |
| 10 | of us. Myself, two         | 10 | We recognize the           |
| 11 | representatives from PEF,  | 11 | support that we have.      |
| 12 | we had the BAR college     | 12 | It's limited right now but |
| 13 | there, we had four         | 13 | we'll continue to form     |
| 14 | exconvicts as I said. We   | 14 | those relationships.       |
| 15 | had Prison Legal Services, | 15 | Senator Kennedy had his    |
| 16 | NYCLU was there. There     | 16 | event last night. It was   |
| 17 | was one lady there,        | 17 | attended by new VP Mark    |
| 18 | anyway, I forgot, another  | 18 | Deburgomaster. And just    |
| 19 | advocate.                  | 19 | to talk a little bit about |
| 20 | And it was pretty well     | 20 | the upcoming budget and    |
| 21 | received at the end of the | 21 | the legislative session.   |
| 22 | day. It was comforting to  | 22 | The new voting laws        |
| 23 | be able to walk out of     | 23 | that went into effect a    |
|    | 41                         |    | 43                         |
|    |                            |    |                            |
| 1  | there and think maybe we   | 1  | year ago, you have a       |
| 2  | got to them a little bit.  | 2  | legislative session now    |
| 3  | Keep your fingers crossed, | 3  | that doesn't start in      |
| 4  | I am. I don't know         | 4  | April and run until the    |
| 5  | whether it will come down  | 5  | end of June. It starts     |
| 6  | to light, but it was a     | 6  | now with the New Year and  |
| 7  | good meeting. I'm glad I   | 7  | it runs through May, along |
| 8  | attended. I had my         | 8  | with that is the           |
| 9  | reservations in the        | 9  | Governor's proposed        |
| 10 | beginning, but ultimately  | 10 | budget.                    |
| 11 | at the end of the day I    | 11 | So it's a lot of moving    |
| 12 | was glad I attended. I've  | 12 | parts, there's going to be |
| 13 | been assured that there    | 13 | a lot of moving targets.   |
| 14 | will be more round tables  | 14 | We don't know what's       |
| 15 | coming forward.            | 15 | coming out in the budget.  |
| 16 | Legislative events         | 16 | I'm sure you're all well   |
| 17 | they're already kicking    | 17 | aware there's a six        |
| 18 | off. I attended the        | 18 | billion dollar deficit. I  |
| 19 | Senate Dems conference     | 19 | can't speak for former     |
| 20 | fundraiser the other       | 20 | leaders of this            |
| 21 | night. Met with many of    | 21 | organization, but I don't  |
| 22 | the members and ironically | 22 | think we've seen one this  |
| 23 | enough in front of the     | 23 | big since 2010, before the |
| 27 | •                          | 23 | -                          |
|    | 42                         |    | 44                         |

| 1  | Governor came in.          | 1  | with such drastic changing |
|----|----------------------------|----|----------------------------|
| 2  | It's quite large and       | 2  | political landscaping as   |
| 3  | it's being driven by       | 3  | compared to a few years    |
| 4  | Medicaid. And the lack of  | 4  | ago, the Board believes    |
| 5  | basically the State        | 5  | that the union would be    |
| 6  | punting the issue down the | 6  | better served to remain    |
| 7  | road and it's coming back  | 7  | free of an annual retainer |
| 8  | to bite them in the ass    | 8  | with an additional         |
| 9  | and it's going to bite us  | 9  | lobbyist, so we can hire   |
| 10 | in the ass.                | 10 | lobbying help for specific |
| 11 | We don't know what         | 11 | issues on an as-needed     |
| 12 | that's gonna bring, we can | 12 | basis.                     |
| 13 | make our assumptions.      | 13 | That can mean we hire      |
| 14 | We're preparing for just   | 14 | Statewide for a specific   |
| 15 | about everything and we'll | 15 | issue, a different firm    |
| 16 | continue to prepare for    | 16 | for another issue or       |
| 17 | just about everything as   | 17 | hiring no one at all       |
| 18 | we continue to move        | 18 | depending on the           |
| 19 | forward. We did run into   | 19 | circumstances. We'll take  |
| 20 | a recent round of dorm     | 20 | the advice of counsel from |
| 21 | consolidations again,      | 21 | our current lobbyist Keith |
| 22 | first week in October.     | 22 | on this, working with Dan, |
| 23 | We were quick to notify    | 23 | myself and the Board and   |
|    | 45                         |    | 47                         |
|    |                            |    |                            |
| 1  | the regions and the        |    | obviously with this body   |
| 2  | facilities affected.       | 2  | as well.                   |
| 3  | So, I'm not saying         | 3  | The reason behind it       |
| 4  | that's a tall that's       | 4  | is, we formulated a lot of |
| 5  | something, it's a genuine  | 5  | strong relationships since |
| 6  | concern to us and we'll    | 6  | NYSCOPBA's inception, in   |
| 7  | keep an eye on that.       | 7  | many houses and many       |
| 8  | As far as our lobbying     | 8  | leaderships. And those     |
| 9  | efforts, NYSCOPBA will not | 9  | relationships still exist. |
| 10 | be renewing the contract   | 10 | But there are hurdles to   |
| 11 | for Statewide Public       | 11 | always overcome and access |
| 12 | Affairs for 2020. We       | 12 | is everything. And those   |
| 13 | appreciate the efforts of  | 13 | are some of the things     |
| 14 | Chris Duryea and his team  | 14 | that we need to kind of    |
| 15 | these past few years as    | 15 | vet as we go forward and   |
| 16 | they worked closely with   | 16 | navigate these waters.     |
| 17 | our Executive Board, our   | 17 | Keith has formulated a     |
| 18 | chief lobbyists and        | 18 | great relationship with    |
| 19 | legislative counsel, Keith | 19 | just about everybody in    |
| 20 | Jacques and our            | 20 | the LLB and in some        |
| 21 | Legislative Director Dan   | 21 | aspects of the second      |
| 22 | Valente.                   | 22 | floor. Obviously our       |
| 23 | At this point in time      | 23 | biggest hurdle is getting  |
|    | 46                         |    | 48                         |

| 1  | to the guy himself and                               | 1  | Commissioner based off the                         |
|----|--|----|--|
| 2  | we'll continue to work on                            | 2  | fact that he knew that the                         |
| 3  | that as we go forward.                               | 3  | Governor of Colorado, I                            |
| 4  | But that is one of the                               | 4  | think two or three years                           |
| 5  | things that we are looking                           | 5  | ago, spent 24 hours in an                          |
| 6  | at to kind of go back and                            | 6  | SHU cell. And he came out                          |
| 7  | forth. What happened in                              | 7  | that it was doom and gloom                         |
| 8  | the last you know, we                                | 8  | and all this, that or the                          |
| 9  | had a great working                                  | 9  | other thing. And Rivera                            |
| 10 | relationship, we did good                            | 10 | called out the chief at                            |
| 11 | work last year. We were                              | 11 | last year public                                   |
| 12 | on defense the whole time                            | 12 | protection hearings and                            |
| 13 | and we pushed back a piece                           | 13 | asked him if he would be                           |
| 14 | of legislation that had                              | 14 | willing to do it.                                  |
| 15 | thirty-eight cosponsors,                             | 15 | And funny enough                                   |
| 16 | enough to pass the bill.                             | 16 | Annucci's response was, it                         |
| 17 | And through those                                    | 17 | will probably be the best                          |
| 18 | efforts we believe that we                           | 18 | nights sleep I've had in                           |
| 19 | can handle our own for                               | 19 | years. I haven't gotten                            |
| 20 | certain issues and then be                           | 20 | any reports. Mazzella                              |
| 21 | able to access others to                             | 21 | heard it from Eastern that                         |
| 22 | be able to get us over the                           | 22 | they were in there. I                              |
| 23 | hurdles that we have in                              | 23 | started making calls, my                           |

| 5  | Mazzella called me                                   | 5  | tablets, cell phone.                               |
| 6  | Thursday evening, I                                  | 6  | Those are a lot of                                 |
| 7  | believe, Acting                                      | 7  | things that we're working                          |
| 0  | Commissioner Annucci and                             |    |  |
| 8  |  | 8  | on from my end, it's going to be a trial and error |
| 9  | DEC Martuscello spent 24<br>hours in an SHU block at | 9  |  |
| 10 |  | 10 | thing right now. Like I                            |
| 11 | Eastern. Apparently they                             | 11 | said, we have good                                 |
| 12 | dumped the block, came in                            | 12 | relations with a lot of                            |
| 13 | in greens and went in and                            | 13 | people in the right                                |
| 14 | sat in to a cell for 24                              | 14 | houses; both majorities.                           |
| 15 | hours. They went through                             | 15 | Our biggest hurdle is now                          |
| 16 | the whole process, from                              | 16 | getting to the Governor.                           |
| 17 | the rear gate to the front                           | 17 | I said it here a couple                            |
| 18 | through reception.                                   | 18 | EAs ago, who would have                            |
| 19 | At any rate, this is a                               | 19 | thought he would be our                            |
| 20 | result from last years                               | 20 | biggest advocate? Who                              |
| 21 | public protection                                    | 21 | would have thought he                              |
| 22 | hearings. Senator Gustavo                            | 22 | would be the guy we're                             |
| 23 | Rivera asked the                                     | 23 | going to need to go to?                            |

| 1  | When formerly we always    | 1  | coming into the new year,  |  |
|----|----------------------------|----|----------------------------|--|
| 2  | had relations with the     | 2  | as this budget session and |  |
| 3  | Republican majority in the | 3  | legislative session        |  |
| 4  | Senate. That's going       | 4  | together roll out as one.  |  |
| 5  | away. You're seeing        | 5  | So it's going to be a lot  |  |
| 6  | Republican senators        | 6  | of things going on here    |  |
| 7  | dropping out of races now. | 7  | back and forth, so that's  |  |
| 8  | It's just getting to be    | 8  | pretty much where we're    |  |
| 9  | it's just this is the new  | 9  | at.                        |  |
| 10 | normal and this is the     | 10 | We've seen a lot of        |  |
| 11 | world we have to navigate  | 11 | exposures in our package   |  |
| 12 | in.                        | 12 | rooms to Fentanyl. We      |  |
| 13 | Many communications        | 13 | warned about it some time  |  |
| 14 | I've had with our          | 14 | ago. We've had a lot of    |  |
| 15 | coalition, I mentioned our | 15 | good busts, unfortunately  |  |
| 16 | coalition before consists  | 16 | we've had some members who |  |
| 17 | of New York City           | 17 | were exposed to it and     |  |
| 18 | Corrections, consists of   | 18 | they were rushed out of    |  |
| 19 | Nassau, Westchester,       | 19 | their facilities.          |  |
| 20 | Suffolk, Dutchess is in    | 20 | Thankfully God willing,    |  |
| 21 | and out, they're kind of   | 21 | they're okay. It's due to  |  |
| 22 | in and out with us. But a  | 22 | our due diligence and the  |  |
| 23 | lot of their issues don't  | 23 | great job that our staff   |  |
|    | 53                         |    | 55                         |  |
|    |                            |    |                            |  |
| 1  | necessarily mirror ours,   | 1  | do on a normal basis.      |  |
| 2  | but we support them in     | 2  | We have to be out of       |  |
| 3  | theirs, as we ask for      | 3  | here today by 4:30 because |  |
| 4  | their support with ours.   | 4  | this is where the party is |  |
| 5  | One of the things we're    | 5  | tonight. So I'm going to   |  |
| 6  | going to be looking to do  | 6  | keep this short. If        |  |
| 7  | is put on somewhat of a    | 7  | anybody's got anything for |  |
| 8  | front with this coalition  | 8  | me, I'm happy to take any  |  |
| 9  | and in two areas right     | 9  | questions and go from      |  |
| 10 | now. Right now as we're    | 10 | there. Steve?              |  |
| 11 | discussing we're talking   | 11 | STEVEN MCGOWAN:            |  |
| 12 | about New York City and    | 12 | McGowan, Mid-State. Whose  |  |
| 13 | Albany, doing a heavy      | 13 | decision was it to cancel  |  |
| 14 | loaded presser with        | 14 | Martuscello's appearance?  |  |
| 15 | victims, victims families  | 15 | PRESIDENT POWERS: Well     |  |
| 16 | and people that are        | 16 | it was basically based off |  |
| 17 | victims of crime and       | 17 | all the rumblings I heard  |  |
| 18 | remind everybody that      | 18 | this morning, from the     |  |
| 19 | there's another side of    | 19 | membership that they       |  |
| 20 | the coin here and that's   | 20 | weren't happy about having |  |
| 21 | being ignored.             | 21 | him come in to address our |  |
| 22 | And that's going to be     | 22 | membership.                |  |
| 23 | one of our big pushes      | 23 | STEVEN MCGOWAN: I for      |  |
|    | 54                         |    | 56                         |  |

| 1  | one was looking forward to | 1  | report last time and I     |
|----|----------------------------|----|----------------------------|
| 2  | asking him some questions. | 2  | didn't get any backlash    |
| 3  | And it's a little          | 3  | from it. So I asked for    |
| 4  | disappointing not having   | 4  | objections, I didn't get   |
| 5  | him here.                  | 5  | any, but quite frankly it  |
| 6  | PRESIDENT POWERS: I        | 6  | should come from this      |
| 7  | can understand that. This  | 7  | body. If you want to put   |
| 8  | is one of our concerns     | 8  | a motion together and have |
| 9  | that we had going forward. | 9  | it go through and see how  |
| 10 | And when I mentioned it at | 10 | it plays out, I'm happy to |
| 11 | the last EA, I didn't get  | 11 | entertain that.            |
| 12 | any resistance from        | 12 | STEVE MCGOWAN:             |
| 13 | anybody in here, but the   | 13 | Thank you.                 |
| 14 | rumblings this morning     | 14 | PRESIDENT POWERS:          |
| 15 | were that it was going to  | 15 | Donn?                      |
| 16 | get kind of arrogant.      | 16 | DONN ROWE: Rowe, Hale      |
| 17 | And I'm not looking to     | 17 | Creek. Article 25 of the   |
| 18 | create any issues and      | 18 | CBA provides a perfect     |
| 19 | we've got a lot to get     | 19 | opportunity to ask         |
| 20 | through today. And I'm     | 20 | questions in an other than |
| 21 | sure you do, I'm sure a    | 21 | agenda form. And I would   |
| 22 | lot of us do. I'd like     | 22 | hope that the Commissioner |
| 23 | nothing more and to have   | 23 | would be there and         |
| 23 | 57                         | 23 | 59                         |
|    |                            |    |                            |
| 1  | that opportunity for the   | 1  | Martuscello, if he so      |
| 2  | membership.                | 2  | chooses. To give him an    |
| 3  | But the rumblings I        | 3  | open mic in this room in   |
| 4  | heard today were negative  | 4  | our union hall is          |
| 5  | and they were going to     | 5  | ridiculous in my opinion.  |
| 6  | be I had heard a lot of    | 6  | And the only way I         |
| 7  | different things and I     | 7  | would attend is if Missy   |
| 8  | thought, you know what,    | 8  | O'Gorman maybe did the     |
| 9  | what's the sense of        | 9  | opening act. And Mike,     |
| 10 | putting everybody through  | 10 | that's not what you said   |
| 11 | that. I conversed with     | 11 | at the last EA. I think    |
| 12 | the Board and we decided   | 12 | you need to read the       |
| 13 | to pull it.                | 13 | minutes. You made mention  |
| 14 | STEVE MCGOWAN: I for       | 14 | of it, maybe he needs to   |
| 15 | one would like to see him  | 15 | come here and address the  |
| 16 | maybe come to the next     | 16 | tough issues. You did not  |
| 17 | one, so we can get a few   | 17 | ask for objection or       |
| 18 | things off our chest and   | 18 | adoption of it. So he's    |
| 19 | we can be respectful about | 19 | got no place for an open   |
| 20 | it.                        | 20 | mic in this room.          |
| 21 | PRESIDENT POWERS:          | 21 | PRESIDENT POWERS:          |
| 22 | Another thing, too, is I   | 22 | Kevin?                     |
| 23 | threw it out there in my   | 23 | KEVIN DONNELLY: Kevin      |
|    | -<br>58                    |    | 60                         |
|    |                            | 1  |                            |

| 1  | Donnelly, Coxsackie.       | 1  | I mean some of them        |  |
|----|----------------------------|----|----------------------------|--|
| 2  | Mike, you touched on the   | 2  | I know that Green Haven's  |  |
| 3  | staffing issues, the low   | 3  | got issues, I know that    |  |
| 4  | levels. And now with the   | 4  | Auburn's got an issue with |  |
| 5  | SHU reforms coming in and  | 5  | some staff, the report I   |  |
| 6  | new programs being added,  | 6  | got today they seem to be  |  |
| 7  | is this something they're  | 7  | coming on line. So, it's   |  |
| 8  | going to rush and run      | 8  | back and forth, there's a  |  |
| 9  | right down our throat? I   | 9  | lot behind it but we'll    |  |
| 10 | mean, we're barely         | 10 | continue to pound that     |  |
| 11 | keeping you know, we're    | 11 | drum and see how they're   |  |
| 12 | running so much overtime   | 12 | going to appropriate this  |  |
| 13 | right now just to fill the | 13 | for the staff. I'm         |  |
| 14 | items we have. Is this     | 14 | assuming the actual SHU    |  |
| 15 | something that they're     | 15 | and the programs           |  |
| 16 | going to rush into         | 16 | involved                   |  |
| 17 | PRESIDENT POWERS: They     | 17 | KEVIN DONNELLY: At         |  |
| 18 | have appropriated money    | 18 | this point we can't even   |  |
| 19 | for these SHU regulations. | 19 | fill our chart on a daily  |  |
| 20 | I know some of it is going | 20 | basis. I mean, how do      |  |
| 21 | to staff. How they         | 21 | they expect us to keep up  |  |
| 22 | appropriate that will hope | 22 | with this if they're going |  |
| 23 | to be part of the          | 23 | to add new programs.       |  |
|    | 61                         |    | 63                         |  |
|    |                            |    |                            |  |
| 1  | conversation to get into.  | 1  | PRESIDENT POWERS: I        |  |
| 2  | I mean, regardless of the  | 2  | know, it's our drum, we're |  |
| 3  | money that they're         | 3  | beating that drum.         |  |
| 4  | appropriating for these    | 4  | KEVIN DONNELLY: Will       |  |
| 5  | new SHU regulations, we're | 5  | they hold off on           |  |
| 6  | still short staffed. I     | 6  | implementing this law and  |  |
| 7  | mean, you guys are still   | 7  | pushing it through?        |  |
| 8  | sharing services from      | 8  | PRESIDENT POWERS: I        |  |
| 9  | Green from what I          | 9  | don't know how they're     |  |
| 10 | understand.                | 10 | going to be able to        |  |
| 11 | KEVIN DONNELLY: That's     | 11 | implement them. I mean,    |  |
| 12 | normal for us.             | 12 | they've got a lot of       |  |
| 13 | PRESIDENT POWERS: And      | 13 | infrastructure changes     |  |
| 14 | it shouldn't be. And it    | 14 | they've got to do, they've |  |
| 15 | happened before we made    | 15 | got to open up some        |  |
| 16 | mention of it again and    | 16 | S-blocks. They've got a    |  |
| 17 | we'll continue to drive    | 17 | lot of work to do. I       |  |
| 18 | that home. I mean,         | 18 | don't know when that will  |  |
| 19 | Green's got issues,        | 19 | come on line but we can    |  |
| 20 | Franklin's got issues      | 20 | follow up                  |  |
| 21 | not Franklin is it         | 21 | KEVIN DONNELLY: Thank      |  |
| 22 | Franklin? It's pretty      | 22 | you.                       |  |
| 23 | much everybody.            | 23 | PRESIDENT POWERS: By       |  |
|    | 62                         |    | 64                         |  |

| 1  | all means. Anybody else?   | 1  | this membership and I      |
|----|----------------------------|----|----------------------------|
| 2  | George?                    | 2  | don't know how to help     |
| 3  | GEORGE KARAMANOS:          | 3  | them with this staffing    |
| 4  | George Karamanos, Green.   | 4  | issue. That's why I'm at   |
| 5  | Mike, just to piggy-back   | 5  | the mic now.               |
| 6  | what Kevin was saying, our | 6  | PRESIDENT POWERS: The      |
| 7  | bid pull is at 443. We've  | 7  | new people you got coming  |
| 8  | got a ton of new staff     | 8  | in, are they coming in     |
| 9  | that we are projected to   | 9  | right from the academy.    |
| 10 | lose very soon after the   | 10 | GEORGE KARAMANOS: Yes.     |
| 11 | holidays, which is         | 11 | And they'll be gone        |
| 12 | literally going to bury    | 12 | shortly after the holiday. |
| 13 | Green Correctional         | 13 | PRESIDENT POWERS: It's     |
| 14 | facility with staffing     | 14 | a short stint that they're |
| 15 | issues beyond belief.      | 15 | there.                     |
| 16 | Right now my guys are      | 16 | GEORGE KARAMANOS: Yes.     |
| 17 | getting stuck two, three,  | 17 | Yes. And I know everybody  |
| 18 | four times a week. And     | 18 | sitting up at that Board   |
| 19 | after these holidays come, | 19 | right now knows this. But  |
| 20 | we need relief. We cannot  | 20 | I guess my question is, I  |
| 21 | operate under the          | 21 | can't fix it and I need    |
| 22 | circumstances we're        | 22 | help fixing it.            |
| 23 | operating now. It's        | 23 | PRESIDENT POWERS:          |
|    | 65                         |    | 67                         |
|    |                            |    |                            |
| 1  | impossible. Something      |    | I will help you.           |
| 2  | terrible is going to       | 2  | GEORGE KARAMANOS: All      |
| 3  | happen. I spoke with Mike  | 3  | right.                     |
| 4  | Morrow. We need to have a  | 4  | STEVE MCGOWAN:             |
| 5  | sit down and discuss and   | 5  | McGowan, Mid-State. Where  |
| 6  | rectify some of these      | 6  | are we on getting our      |
| 7  | problems. It's not         | 7  | D-stat items filled? I     |
| 8  | something that we can keep | 8  | know we brought that up, I |
| 9  | pushing off.               | 9  | don't know if it was the   |
| 10 | PRESIDENT POWERS:          | 10 | last EA or the one before  |
| 11 | We're not pushing it off,  | 11 | that, we have I believe    |
| .2 | George.                    | 12 | eight that are currently   |
| 13 | GEORGE KARAMANOS: No.      | 13 | either OSI or super cert,  |
| 14 | No. I didn't mean it in    | 14 | even though we had an      |

| 23 | TREASURER GILBO:           | 23 | and loss for the year. We  |
|    | 73                         |    | 75                         |

| 1  | Good afternoon. First      |    | should be at ninety-two    |
| 2  | thing I got is, Kevin      | 2  | percent. Our spending is   |
| 3  | Aldous just had surgery    | 3  | at eighty-five percent, so |
| 4  | and he went through a very | 4  | we're seven percent under  |
| 5  | tough time and he's still  | 5  | budget for the year so     |
| 6  | recovering, so we have     | 6  | far. But as you all know,  |
| 7  | tickets for a TV. Jim      | 7  | it's Christmas party       |
| 8  | bells got them, so if      | 8  | season so let the money    |
| 9  | anybody would like to      | 9  | start flying. That's Mid   |
| 10 | help, he is a chief, he's  | 10 | State, they already spent  |
| 11 | one of us, so if you       | 11 | all theirs.                |
| 12 | could.                     | 12 | Reverse gear a little      |
| 13 | Now I've got some good     | 13 | bit, the Rainy Day Fund    |
| 14 | news, believe it or not.   | 14 | amendment passed. You got  |
| 15 | The State finally paid us  | 15 | it in the mail. Whopping   |
| 16 | 25.9 money, so we got 3.68 | 16 | total of like twenty-five  |
| 17 | million so we're back to   | 17 | hundred people who voted   |
| 18 | where we were before the   | 18 | and it passed by forty     |
| 19 | contract was starting the  | 19 | something votes. So,       |
| 20 | negotiation process.       | 20 | three more dollars is      |
| 21 | Total cash, 15.54          | 21 | going to come out of your  |
| 22 | million. Rainy Day Fund,   | 22 | dues, so we're going back  |
| 23 | seven hundred six          | 23 | to the original fifteen    |
| 23 |                            |    |                            |

| 1  | hundred bucks for two      | 1  | can get out to the         |

| 2  | weeks. So that's going to  | 2  | membership that would      |
| 3  | sustain it for a few more  | 3  | great.                     |
| 4  | years.                     | 4  | It's on some particular    |
| 5  | Anybody got any            | 5  | services. It's basically   |
| 6  | questions on the profit or | 6  | different things that      |
| 7  | loss for the year? Okay.   | 7  | they're moving around, you |
| 8  | Moving on to the 2020      | 8  | know, maybe United Health  |
| 9  | budget. You had that in    | 9  | Care is presently changed  |
| 10 | your packet. I went over   | 10 | to that service so they're |
| 11 | it last. Any questions on  | 11 | going to move to BlueCross |
| 12 | that? Hold on.             | 12 | BlueShield.                |
| 13 | DONN ROWE: If you're       | 13 | They're all positive.      |
| 14 | going to talk about the    | 14 | They're all to help the    |
| 15 | budget, can you explain    | 15 | member not get any out of  |
| 16 | the 75 thousand dollars to | 16 | pocket expenses. So        |
| 17 | employee payroll increase? | 17 | rather than go through     |
| 18 | Let me preempt this, I'm   | 18 | them all, I explained      |
| 19 | kind of disappointed you   | 19 | everything in that. And    |
| 20 | didn't send the worksheet  | 20 | if anybody has any         |
| 21 | out. That would probably   | 21 | questions you can call me  |
| 22 | have answered my question. | 22 | or I will be around this   |
| 23 | That's the only question I | 23 | afternoon if you want to   |
|    | 77                         |    | 79                         |
|    |                            |    |                            |
| 1  | have.                      | 1  | talk to me about them.     |
| 2  | TREASURER GILBO: Wait      | 2  | There was one last         |
| 3  | till old business.         | 3  | minute regarding the       |
| 4  | Anybody else got anything? | 4  | vaccinations and           |
| 5  | Thank you.                 | 5  | immunizations when that's  |
| 6  | PRESIDENT POWERS:          | 6  | done at the hospital.      |
| 7  | Move into departmental     | 7  | Currently that's not       |
| 8  | reports. Sharon?           | 8  | covered at all. BlueCross  |
| 9  | SHARON SMITH: Good         | 9  | BlueShield doesn't pay for |
| 10 | afternoon. In your         | 10 | immunizations so that's    |
| 11 | packets you will see a     | 11 | been an out-of-pocket      |
| 12 | couple documents I had put | 12 | expense to the member.     |
| 13 | in there. One is just the  | 13 | That's going to be moved   |
| 14 | rates that recently went   | 14 | to United Health Care, but |
| 15 | out, I just provided a     | 15 | I just received notice     |
| 16 | copy of those. And the     | 16 | that they're having a      |
| 17 | second one was something I | 17 | coding issue for that. So  |
| 18 | typed up, there's some     | 18 | that particular one, it    |
| 19 | changes to the Empire Plan | 19 | will probably take affect  |
| 20 | that will take affect      | 20 | at the end of the first    |
| 21 | January 1st. I typed that  | 21 | quarter of 2020, not on    |
| 22 | up, if you can post that,  | 22 | January 1st.               |
| 23 | if you can do that so it   | 23 | When I get notified        |
|    | <del>-</del><br>78         |    | 80                         |
|    |                            |    |                            |

| 1  | when exactly it is, I will | 1  | requiring that any more.   |  |
|----|----------------------------|----|----------------------------|--|
| 2  | certainly let you all      | 2  | So anybody that's          |  |
| 3  | know. And I did mark that  | 3  | currently in it, they      |  |
| 4  | on that paper that that    | 4  | don't have to do anything, |  |
| 5  | one may take a little bit  | 5  | they will continue to get  |  |
| 6  | longer. The nurse line,    | 6  | those monies every year    |  |
| 7  | there's something on there | 7  | unless they want to get    |  |
| 8  | about the nurse line.      | 8  | out, then they will go     |  |
| 9  | They're trying to they     | 9  | down. But otherwise they   |  |
| 10 | want to make that much     | 10 | don't need to be           |  |
| 11 | more friendlier to the     | 11 | recertified every year.    |  |
| 12 | members when you call,     | 12 | This is the time for       |  |
| 13 | they're going to have a    | 13 | anybody that's not on it,  |  |
| 14 | lot more services and so   | 14 | to get in it. This is      |  |
| 15 | forth.                     | 15 | when you can change from   |  |
| 16 | So if you have any         | 16 | family to individual       |  |
| 17 | questions, reach out to me | 17 | coverage without a         |  |
| 18 | and I'll be glad to help.  | 18 | qualifying event. You can  |  |
| 19 | And if I don't know,       | 19 | change from individual to  |  |
| 20 | I will find out the answer | 20 | family during this period, |  |
| 21 | for you. So you know, I    | 21 | but there is a late        |  |
| 22 | did put that on the        | 22 | enrollment provision for   |  |
| 23 | website. Also I put that   | 23 | anybody that's doing that. |  |
|    | 81                         |    | 83                         |  |
|    |                            |    |                            |  |
| 1  | information in there to    | 1  | You can cancell your       |  |
| 2  | help you get membership    | 2  | insurance, if you want to  |  |
| 3  | also.                      | 3  | cancel and not have any    |  |
| 4  | The option transfer        | 4  | coverage, you can do that  |  |
| 5  | period is going on right   | 5  | now.                       |  |
| 6  | now, the rates are out, so | 6  | You can also enroll, if    |  |
| 7  | that goes through December | 7  | you're not enrolled in it  |  |
| 8  | 31st. Again, this is when  | 8  | you can enroll at this     |  |
| 9  | anybody can change their   | 9  | time in the Empire so they |  |
| 10 | plan, if they want to      | 10 | don't lose any coverage.   |  |
| 11 | change their health        | 11 | I just wanted to mention   |  |
| 12 | insurance plan. They can   | 12 | again, the formulary, with |  |
| 13 | change their pretax status | 13 | the new contract it went   |  |
| 14 | if they're interested in   | 14 | from a flexible formulary  |  |
| 15 | doing that.                | 15 | to the advanced flexible   |  |
| 16 | They can sign up for       | 16 | formulary. And the         |  |
| 17 | the opt out program during | 17 | changes for 2020 were out, |  |
| 18 | this period. I put         | 18 | there were low numbers of  |  |
| 19 | something out before to    | 19 | members that were effected |  |
| 20 | notify you that previously | 20 | by anything, so that was   |  |
| 21 | the opt out program every  | 21 | good news.                 |  |
| 22 | year anybody in it had to  | 22 | I just wanted to           |  |
| 23 | recertify; they're not     | 23 | mention that before Stony  |  |
|    | 82                         |    | 84                         |  |

| 7  | Mike touched on stuff      | 7  | expenditures, 210          |

| 9  | Everything is early this   | 9  | fifty. That goes out to    |
| 10 | year. We need you guys to  | 10 | the different legislative  |
| 11 | be in your local areas,    | 11 | parties, events that we    |
| 12 | too, getting ahold of      | 12 | have to attend to keep our |

| 16 | interested, let them know  | 16 | George Karamanos, Green.   |
| 17 | you're out there. A lot    | 17 | Two things, Shawn. First,  |
| 18 | of fights, 50-A, HALT is   | 18 | the HALT bill, as we       |
| 19 | still out there or         | 19 | discussed at the SHU       |
| 20 | versions of it.            | 20 | regulation meeting, are we |
| 21 | We need your guys          | 21 | going to be a little more  |
| 22 | support on this. We're     | 22 | proactive this round so we |
| 23 | gonna be trying to put     | 23 | can get in front of the    |
| 20 | 121                        |    | 123                        |
|    |                            |    |                            |
| 1  | together something in the  | 1  | HALT bill, which I'm       |
| 2  | future like the Lobby Day  | 2  | assuming is going to be    |
| 3  | we had before, but not to  | 3  | pushed through again? And  |
| 4  | those extents. We want to  | 4  | second part of my question |
| 5  | get you guys back          | 5  | is, where are we with the  |
| 6  | involved. We had good      | 6  | Death Gamble bill?         |
| 7  | response just with some    | 7  | SHAWN KEENAN: I'll         |
| 8  | bad press. So, we need to  | 8  | refer the second to Mike   |
| 9  | change that around a       | 9  | and Keith on that portion. |
| 10 | little bit.                | 10 | And on the first, in what  |
| 11 | One of the things we       | 11 | regards as far as getting  |
| 12 | got, you're going to get   | 12 | behind it? I mean, we      |
| 13 | this out here is the       | 13 | have done a lot and we've  |
| 14 | account for PAC. Starting  | 14 | held the HALT bill.        |
| 15 | balance as of November 1,  | 15 | That's why the Governor's  |
| 16 | 221 thousand fifty         | 16 | bill is what was being     |
| 17 | dollars. Deposits,         | 17 | pushed out there. I'm not  |
| 18 | transfers in November,     | 18 | sure what you're asking on |
| 19 | twenty-five thousand in    | 19 | that portion.              |
| 20 | transfers. Total income    | 20 | GEORGE KARAMANOS: My       |
| 21 | was twenty-five thousand.  | 21 | point is we're going to    |
| 22 | Checks paid out,           | 22 | continue that, correct?    |
| 23 | twenty-seven thousand.     | 23 | SHAWN KEENAN: We have      |
|    | 122                        |    | 124                        |
|    |                            |    |                            |

| 1        | been, we have been right                             |    | co-sponsors for HALT last  |
|----------|--|----|----------------------------|
| 2        | along. There's been no                               | 2  | year. They could have      |
| 3        | deviation from that.                                 | 3  | passed it, but our push    |
| 4        | There's a lot bigger                                 | 4  | pushed the majority from   |
| 5        | things coming down, the                              | 5  | pulling them back saying,  |
| 6        | 50-A is a big issue.                                 | 6  | we're talking with the     |
| 7        | There's tremendous                                   | 7  | Governor about this.       |
| 8        | amounts there's                                      | 8  | So it's with some          |
| 9        | staffing is another issue.                           | 9  | assistance from the        |
| .0       | We're working in many                                | 10 | Governor's office we were  |
| 1        | facets. No, we have not                              | 11 | able to stave off HALT in  |
| .2       | given up on that, we're                              | 12 | its entirety. We are not   |
| .3       | still pushing. Keith will                            | 13 | comfortable with the new   |
| .4       | be able to expound on that                           | 14 | SHU regulations obviously; |
| 15       | a little bit better.                                 | 15 | we weren't comfortable     |
| .6       | PRESIDENT POWERS:                                    | 16 | with NYCLU. But            |
| .7       | We've been out in front of                           | 17 | unfortunately, we don't    |
|          | HALT, the last time and                              |    | get a say in it. If we     |
| 18<br>19 |  | 18 | -                          |
|          | we're hearing rumblings<br>now. I talked about it in | 19 | do, our comments don't go  |

| !1       | PAC committee today, we                              | 21 | second question was?       |
| 12       | attended a fundraiser on                             | 22 | GEORGE KARAMANOS:          |

| 2        | advocates out there                                  | 2  | We're pretty much playing  |
| 3        | pushing for it, they're                              | 3  | defense right now. It's    |
| 4        | handing out flyers in                                | 4  | difficult in this arena.   |

| 7        | We're already well                                   | 7  | Keith is in the room. I    |

| 10  | That's a huge problem,                                 | 10  | shifting the conversation                          |

| 16  | we're trying to do is                                  | 16  | accurate though,                                   |

| 20  | that very clearly known.                               | 20  | off right now, but that's                          |

| 7  | the committee in e-mail    | 7  | have one piece of          |
| 8  | and we'll also address     | 8  | unfinished business, it's  |
| 9  | that.                      | 9  | a motion.                  |

| 2  | the criteria. Motion is     | 2  | to say it's been working   |
| 3  | made by Don Van Tassell,    | 3  | so far. Anybody that's     |
| 4  | seconded by Paul            | 4  | called, I have let them go |
| 5  | Mikolojak.                  | 5  | over. So it hasn't been a  |
| 6  | AL ZAPPALA: Al              | 6  | problem even Don has       |
| 7  | Zappala, finance committee  | 7  | called and gone over. If   |
| 8  | Mid-Hudson. The finance     | 8  | you need something, call   |
| 9  | committee met, we reviewed  | 9  | me, I'll let you go over   |
| 10 | the motion. And in          | 10 | for that month. We don't   |
| 11 | essence the reason the      | 11 | need to spend 200 more     |
| 12 | motion had come to us is    | 12 | just because we got two    |
| 13 | there were sectors that     | 13 | hundred more in our        |
| 14 | were saying they use a lot  | 14 | pocket.                    |
| 15 | of ink because they have a  | 15 | PRESIDENT POWERS:          |
| 16 | lot of members and they     | 16 | Okay. Do I need to read    |
| 17 | have to make more copies.   | 17 | it again?                  |
| 18 | Upon our committee          | 18 | To change the allotted     |
| 19 | meeting, we discussed that  | 19 | amount from \$125 to \$250 |
| 20 | if there are sectors that   | 20 | for office supplies of all |
| 21 | have to go above that \$125 | 21 | sectors of four hundred or |
| 22 | to meet that am ink         | 22 | more members for all       |
| 23 | requirement, that they      | 23 | sectors that meet that     |
|    | 145                         |    | 147                        |
|    |                             |    |                            |
| 1  | could give our Treasurer    |    | criteria. Motion is made   |
| 2  | Frank Gilbo a phone call    | 2  | by Don Van Tassell,        |
| 3  | and he will authorize       | 3  | seconded by Paul           |
| 4  | above that amount for that  | 4  | Mikolojak. All in favor?   |
| 5  | amount.                     | 5  | (D                         |
| 6  | So it's not that we         | 6  | (Response of aye from      |
| 7  | don't want to increase the  | 7  | the floor.)                |
| 8  | amount to take care of      | 8  | DDIOLDINI DOLUDO           |
| 9  | your needs, but it's just   | 9  | PRESIDENT POWERS           |
| 10 | that on an as-needed basis  | 10 | Opposed?                   |
| 11 | as you need what you need   | 11 | (D                         |
| 12 | above that \$125, just give | 12 | (Response of nay from      |
| 13 | Frank a call.               | 13 | the floor).                |
| 14 | VP MID-HUDSON MAZZELLA:     | 14 |                            |
| 15 | Mike Mazzella, Mid-Hudson.  | 15 | PRESIDENT POWERS: It       |
| 16 | If this passes, out of      | 16 | passes. Any other old      |
| 17 | curiosity is it going to    | 17 | business?                  |
| 18 | affect the budget line      | 18 | TREASURER GILBO: Okay.     |
| 19 | at all? I mean, we would    | 19 | We're going through this   |
| 20 | have to adjust the budget   | 20 | budget. It's not going to  |
| 21 | for next year, I would      | 21 | affect that much if you    |
| 22 | assume.                     | 22 | put in orders for extra    |
| 23 | TREASURER GILBO: I          | 23 | copies. All right. Any     |
|    | 146                         |    | 148                        |

| 1  | questions on the 2020      | 1  | carrying now but larger.   |
|----|----------------------------|----|----------------------------|
| 2  | budget?                    | 2  | The Department wants to    |
| 3  | The answer to Donn's       | 3  | pretty much dictate not    |
| 4  | question was the NEA got   | 4  | just the size of the bag,  |
| 5  | their contractual raises   | 5  | but the model number,      |
| 6  | because our contract was   | 6  | manufacturer, and where    |
| 7  | ratified, so they got      | 7  | you can actually buy it    |
| 8  | their contract raises      | 8  | from. So that's where we   |
| 9  | going back to 2016. Any    | 9  | are with that. We're not   |
| 10 | other questions?           | 10 | going to agree with that.  |
| 11 | With that consent, we      | 11 | And we're going to         |
| 12 | vote to pass the budget    | 12 | continue on trying to      |
| 13 | for 2020, signify by       | 13 | press the Department into  |
| 14 | saying aye.                | 14 | agreeing to not just to    |
| 15 |                            | 15 | allow that particular size |
| 16 | (All signify "aye".)       | 16 | bag or that particular     |
| 17 |                            | 17 | bag, but anything up to    |
| 18 | TREASURER GILBO: Any       | 18 | that size bag.             |
| 19 | nays?                      | 19 | So that's where we're      |
| 20 | 111                        | 20 | at, still negotiating.     |
| 21 | (No response.)             | 21 | PARISH FRAZIER: Are        |
| 22 | TREASURER GILBO:           | 22 | they suggesting a          |
| 23 | Thanks.                    | 23 | manufacturer and style?    |
|    | 149                        |    | 151                        |
|    |                            |    |                            |
| 1  | PRESIDENT POWERS: Any      | 1  | VP MID-HUDSON MAZZELLA:    |
| 2  | other unfinished business? | 2  | Absolutely.                |
| 3  | Move to new business       | 3  | PARISH FRAZIER: Is it      |
| 4  | this is unfinished?        | 4  | something we can see?      |
| 5  | PARISH FRASIER: Parish     | 5  | VP MID-HUDSON MAZZELLA:    |
| 6  | Frasier, Taconic. I        | 6  | It's a the particular      |
| 7  | constant get questions     | 7  | style is on I'm trying     |
| 8  | about the bag situation,   | 8  | to think,                  |
| 9  | people want to know what's | 9  | clearhandbags.com, it's    |
| 10 | going on. Where are we     | 10 | the only place you can get |
| 11 | at, what's the stickler,   | 11 | it. It's the ACH 1250 I    |
| 12 | if at all.                 | 12 | think is the model number, |
| 13 | VP MID-HUDSON MAZZELLA:    | 13 | but that's not our point.  |
| 14 | Mike Mazzella, Mid-hudson. | 14 | Our point is, you know, we |
| 15 | So the bag situation is we | 15 | gave them a size of a bag  |
| 16 | presented several types of | 16 | that we would be okay      |
| 17 | bags to the Department.    | 17 | with. And the Department   |
| 18 | The last bag that I was    | 18 | wants that particular bag, |
| 19 | pretty confident would be  | 19 | that particular model      |
| 20 | approved was a thirteen by | 20 | number, purchased from     |
| 21 | thirteen by nine, it was a | 21 | that particular vendor.    |
| 22 | pretty nice size bag.      | 22 | And we're not going to     |
| 23 | Similar to the bag you're  | 23 | force our members into     |
|    | 150                        |    | 152                        |

| 1  | buying from some place     | 1  | not going to force you     |
|----|----------------------------|----|----------------------------|
| 2  | they don't want to buy     | 2  | guys into buying a         |
| 3  | from.                      | 3  | particular bag from a      |
| 4  | Just so you guys know,     | 4  | particular vendor at a     |
| 5  | it's the largest clear     | 5  | particular price. So       |
| 6  | lunch style bag that any   | 6  | that's what we're working  |
| 7  | manufacturer makes that I  | 7  | on still. Any other        |
| 8  | can find on the internet.  | 8  | questions?                 |
| 9  | It's the largest one I can | 9  | STEVE MCGOWAN:             |
| LO | find. They're okay with    | 10 | Mcgowan, Mid-State. Why    |
| 11 | that bag, but they want it | 11 | haven't we just refiled    |
| 12 | to be that bag and we want | 12 | the IP, why are we         |
| .3 | it to be anything up to    | 13 | screwing around            |
| .4 | that bag size. So if you   | 14 | negotiating?               |
| .5 | find, you know, a twelve   | 15 | VP MID-HUDSON MAZZELLA:    |
| 16 | by twelve by seven in      | 16 | Because you can't just     |
| 17 | Walmart for eight bucks    | 17 | refile an IP when you're   |
| 18 | and you want it, you       | 18 | still negotiating, right?  |
| 19 | should be able to buy      | 19 | STEVE MCGOWAN: It's a      |
| 20 | that. So, we're still      | 20 | waste of time, I think.    |
| :1 | fighting with them.        | 21 | VP MID-HUDSON MAZZEILA:    |
| 2  | DONN ROWE: Where is        | 22 | We definitely have to get  |
| 3  | the vendor from, Troy?     | 23 | more people involved, as   |
|    | 153                        | 23 | 155                        |
|    | 133                        |    | 133                        |
| 1  | VP MID-HUDSON MAZZELLA:    | 1  | far as, as we talked about |
| 2  | Hey, Donn, in negotiations | 2  | the second floor earlier,  |
| 3  | when we were talking about | 3  | or someone that can kind   |
| 4  | this bag, believe me I     | 4  | of convince the Department |
| 5  | brought that up. I don't   | 5  | that what we're asking for |
| 6  | need our members thinking  | 6  | is not unreasonable.       |
| 7  | that I have a personal     | 7  | Because our issue is, I    |
| 8  | interest in a particular   | 8  | don't know if this should  |
| 9  | company or you guys have a | 9  | all be on the record but   |
| .0 | particular interest in a   | 10 | it is now, so whatever.    |
| 1  | particular company. So     | 11 | Our issue is, if we agree  |
| .2 | that's why we don't want   | 12 | to this and then next week |
| 13 | it to be set where you     | 13 | that company stops making  |

|----|----------------------------|----|----------------------------|
| 2  | Horacek, Green. We're      | 2  | MR. SCHAEFER: Very         |
| 3  | struggling with the        | 3  | well. He have had several  |
| 4  | timeline with grievances   | 4  | meetings with GOER dating  |
| 5  | at Green, where our        | 5  | back to June. And          |
| 6  | administration implements  | 6  | actually we have a         |

| 12 | we streamline this         | 12 | and possibly have a new    |

| 14 | we can actually have an    | 14 | 2020 with new processes,   |

| 16 | PRESIDENT POWERS: Bob      | 16 | get a lot more done.       |

| 8  | Cronin is all over that,   | 8  | We had a meeting with him  |
| 9  | he's on top of it. If you  | 9  | in September.              |
| 10 | know Bob at all, you will  | 10 | MR. SCHAEFER:              |

| 9  | PRESIDENT POWERS:          | 9  | Pardon?                    |
| LO | Jimmy doesn't handle a lot | 10 | KENNY GOLD: You said       |
| 11 | of the bigger issues we    | 11 | seldomly use               |
| 12 | deal with. I mean,         | 12 | PRESIDENT POWERS: We       |
| .3 | there's a significant      | 13 | used Gramercy and a        |
| .4 | difference really. I       | 14 | videographer.              |
| 15 | mean, Jimmy might be able  | 15 | KENNY GOLD: But the        |
| .6 | to explain it a little bit | 16 | question though is, our    |
| .7 | better. But a lot of it    | 17 | biggest thing is a PR firm |
| 18 | boils right down to much   | 18 | that we can call them at   |
| 19 | of what we send out gets   | 19 | any time or call a firm    |
| 20 | checked off by Gramercy.   | 20 | anytime, if we want.       |
|    | Much of what we work       | 21 | PRESIDENT POWERS: I'm      |
| 2  | through, whether it be a   | 22 | dealing with them          |

| 2  | did regarding the HALT     | 2  | can't still call them at   |
| 3  | legislation where we took  | 3  | anytime if we need a major |
| 4  | out advertising, it's all  | 4  | campaign. We have          |
| 5  | the political blogs, first | 5  | Jimmy does our press       |
| 6  | thing that popped up was   | 6  | releases                   |

| 8  | That's where they come     | 8  | could call them right now. |
| 9  | into play. When we're      | 9  | KENNY GOLD: That's my      |
| .0 | pushing back for negative  | 10 | point. If we didn't have   |
| .1 | legislation that's going   | 11 | them though, you could     |
| 2  | to affect our members,     | 12 | still call them, right?    |
| 3  | certain aspects of whether | 13 | PRESIDENT POWERS: If I     |
| 4  | it be letters to the       | 14 | don't have them on         |

| 21 | we pay?                    | 21 | and I have a hot button    |
| 22 | PRESIDENT POWERS: The      | 22 | issue that comes up, HALT  |

| 3  | not getting much from it.  | 3   | putting out this for us,   |
| 4  | Is there something we can  | 4   | they've been, you know,    |
| 5  | do as a group to try to    | 5   | sending e-mails to         |

| 8  | PRESIDENT POWERS:          | 8   | bring back to membership,  |
| 9  | Your Scott brought this    | 9   | we might be more likely to |

| 16 | the State of New York,     | 16  | PRESIDENT POWERS:          |
| 17 | it's a federal issue.      | 17  | Need it in writing. Can    |
| 18 | But, you know, it surely   | 18  | we get sixty percent       |

| 16 | one of the biggest issues  | 16  | saying aye?                |
| 17 | that we have is that we    | 17  |                            |
| 18 | don't get to see what      | 18  | (All respond with aye.)    |
| 19 | Gramercy does. And when    | 19  | ,                          |
| 20 | we ask what they're doing, | 20  | PRESIDENT POWERS           |

| that's their call. If                         | 17  | a very different issue.    |     |
| tomorrow thirty people                        | 18  | There are far more         |     |
| from your jail go in and                      | 19  | regulations, far more      |     |
| request a religious                           | 20  | exceptions. And that is    |     |
| accommodation for a beard,                    | 21  | just not what this claim   |     |
| 30. 60, 90, a big number,                     | 22  | is about. But that's why   |     |
| that's not going to be                        | 23  | we do see differences      |     |
| 197   |     |                            | 199 |

| if there were one or two                      | 4   | requests and granting and  |     |
| that are denied and maybe                     | 5   | denying medical. It's      |     |
| we can bring those two                        | 6   | because we're dealing with |     |
| individuals forward.                          | 7   | one is a constitutional    |     |
| MR. MULLIN: So minus                          | 8   | claim and one is under a   |     |
| the large numbers, does                       | 9   | Federal and New York State |     |

| shave?  | 12  | exceptions, and medical    |     |
| ERIN PARKER: Yes.                             | 13  | certifications that are    |     |
| MR. MULLIN: While the                         | 14  | involved.                  |     |
| application process is                        | 15  | CASEY HARRIS: So,          |     |
| going on?                                     | 16  | since this started under   |     |
| ERIN PARKER: While                            | 17  | religious does that mean   |     |
| it's pending, no. But                         | 18  | the medical was never an   |     |
| once it's denied sorry,                       | 19  | issue to begin with?       |     |
| if it's denied.                               | 20  | ERIN PARKER: You can       |     |
| MR. MULLIN: Correct.                          | 21  | still apply for a medical  |     |
| So, as long as they've                        | 22  | exception. The concept of  |     |
| applied, we're on it.                         | 23  | a medical exception still  |     |
| 198   |     | <u>-</u>                   | 200 |

| 1  | absolutely exists, but     | 1  | ERIN PARKER: Yep.          |
|----|----------------------------|----|----------------------------|
| 2  | this temporary restraining | 2  | MR. DURYEA: Duryea,        |
| 3  | order and everything about | 3  | Elmira. So we got guys     |
| 4  | this litigation doesn't    | 4  | that have been giving      |

| 8  | CASEY HARRIS: I'm only     | 8  | medical reasons?           |
| 9  | asking because at my       | 9  | MR. DURYEA: This is        |

| 11 | individual in my facility  | 11 | ERIN PARKER: Okay.         |
| 12 | that was made to shave     | 12 | MR. DURYEA: And now        |
| 13 | even though they had a     | 13 | they're saying, came       |
| 14 | medical.                   | 14 | out I believe it's her     |
| 15 | ERIN PARKER: So,           | 15 | own thing, I'm not         |
| 16 | that's probably because    | 16 | positive. 90 days they     |
| 17 | their medical was not      | 17 | have to go get another     |
| 18 | they were asked to         | 18 | one.                       |
| 19 | recertify and they denied  | 19 | ERIN PARKER: I have        |
| 20 | the recertification.       | 20 | not yet seen a hard and    |
| 21 | CASEY HARRIS: It was       | 21 | fast 90 day rule. I have   |
| 22 | just a lieutenant in       | 22 | seen that they are         |

| 4  | ERIN PARKER: A new         | 4  | the law. If you want to    |
| 5  | one?                       | 5  | get me the memo that talks |
| 6  | CASEY HARRIS: Yeah.        | 6  | about a hard and fast 90   |
| 7  | But there was nothing      | 7  | days, I'd love to see      |
| 8  | there to begin with, why   | 8  | that.                      |
| 9  | they getting a new one.    | 9  | MR. DURYEA: Isn't that     |
| 10 | ERIN PARKER: Under the     | 10 | the State's responsibility |
| 11 | American with Disabilities | 11 | to set them up an          |

| 14 | very different. And there  | 14 | not.                       |
| 15 | are instances in which     | 15 | MR. DURYEA: It is not.     |
| 16 | they can say, pending this | 16 | So that reasonable         |
| 17 | certification or pending   | 17 | accommodation, the         |
| 18 | new medical, we are not    | 18 | facility themselves can    |
| 19 | certifying it. It's a      | 19 | deny it?                   |
| 20 | very different legal       | 20 | ERIN PARKER: It's          |
| 21 | question.                  | 21 | actually done by an entity |
| 22 | CASEY HARRIS:              | 22 | in DOCCS, but you're       |
| 23 | Thank you.                 | 23 | asking do they have to     |
